

*“Generations have turned to St. Francis Medical Center for trusted care and as a partner in strengthening their community. **Prime Healthcare has demonstrated a full commitment to preserving and building on this legacy of service.**”*

Rich Adcock,
CEO Verity Health System.
St. Francis Medical Center

Saving St. Francis.

5 things about Prime Healthcare’s commitment to the future of St. Francis.

- 1 **INVEST**
Investment of \$47 million in technology and equipment upgrades has already begun that will immediately improve patient care and quality.
- 2 **MAINTAIN**
Maintain every one of St. Francis’ services, including trauma, emergency, cancer care, women’s health, stroke care, labor and delivery, neonatal care, pediatric services, cardiology, behavioral health and more.
- 3 **PRESERVE**
Preserving and expanding all community benefit programs and care for the most vulnerable.
- 4 **ENSURE**
Ensure a bright future while protecting jobs that might otherwise be lost without the acquisition.
- 5 **ENDURE**
Prime Healthcare has never sold or closed a hospital and has saved 45 hospitals across the nation.

“There is no better company with the proven expertise and commitment to quality to take on the crucial task of saving St. Francis. Prime has saved and transformed Centinela, staying true to its commitment to the community.”

Mayor James Butts
City of Inglewood

Prime Healthcare will honor and protect the enduring spirit of St. Francis so it can continue as a beacon of hope.

Providing Award-Winning Quality Care

Prime Healthcare hospitals are nationally recognized leaders in clinical excellence with more Patient Safety Excellence Awards in California than any other health system.
